

Tim the Plumber... says

**"Tired of that old sink and faucet?
Then start the new year right!"**

1. Replace that old sink or faucet to brighten your bath or kitchen.
2. If your garbage disposal is on the fritz, get it replaced.
3. How about that old toilet and seat? A fresh new toilet would really spruce up your bathroom.

We stock toilets, sinks, faucets, and garbage disposals.
